To Those in Quest of A RUG...

To Intending Purchasers
of Rugs we would state that just before
the change in tariff we received a large
and varied assortment of

Japanese Rugs

By purchasing these Rugs before
the change, a saving of about fifty (50)
per cent. was effected, which our cus-
tomers are to profit by, as we do not in-
tend, at present, to increase the price
but will sell them, while they last, at the
old figure.

Under these conditions, a buyer
here can now purchase these Rugs
for much less than they are sold for on
the mainland.

We have made a display of these
Very Handsome Rugs in our large,
central show window, where their beau-
tiful designs and harmonious coloring is
sure to attract attention.

the Japanese people. I have asked her to remain here and to assist in the rescue work, and I ask the daily papers or any of them that are disposed to assist us to start subscriptions in aid of this reclamation work and to keep it up till enough is gathered for the proposed home of the friendless.

"There has been no lack of capital with which to build brothels. Let us hope that there will be a sufficiency to provide an asylum for any who may be induced to abandon an evil life."

"Second, so long as the Territorial government continues to be responsible for the conduct of the dives and to regulate them under the pretense of mitigating the evil of segregating all the bad characters and preventing the spread of contagion, we propose to insist on its taking an important course in the matter by requiring that all men who visit these sinks for immoral purposes be required to show just such certificate as the women are required to show in order to ply their trade. Also that the Japanese toughs and the American grantees who profit by the dirty business shall be regarded as one class in the estimation of the decent part of the community."

And when we consider the better opportunities and higher moral environment of the said grantees we let them off very easy in saying that they are but equally despicable in the eyes of right-minded men and women."

BOARD OF EDUCATION HAS DONE HARD WORK.

Boys Reporting for Labor Day Parade—Miss Rush Going to Manila—Change Examination Dates.

Some boys reported at the rooms of the board of education yesterday, in response to the invitation for the primary schools to go on two floats in the Labor Day parade. More, both natives and Europeans, are wanted. Those wishing to participate are requested to call on Miss Rose Davidson at the rooms of the board of education in the courthouse.

Miss Bertha M. Rush, a teacher in the local schools, sailed for Manila on the Gaelic yesterday. She goes there to follow her vocation of teaching. Miss Rush is a cousin of Richard Yates, the Republican candidate for governor of Illinois, and formerly lived at Pittsfield, Illinois. She came here from Lewiston, Idaho, where she had a splendid record as a teacher. She takes with her an excellent letter of introduction and recommendation from Superintendent of Public Instruction Atkinson of Hawaii.

Samuel Kellini, a normal instructor, left for Maui to take up his work on that island.

It has been found necessary to change the dates for the holding of the examination of teachers in this city from September 3d and 4th to September 4th and 5th. When the original dates were fixed, the fact that September 3d is a holiday was overlooked; indeed, it was not generally known to be a holiday. Hence the change.

All the schools of the islands will re-open on Monday, September 10th. The board of education has worked hard, early and late, to provide teachers for all the schools and to have everything else in readiness by the beginning of the new season. In this they have been quite successful.

BARK EMPIRE CASE.

Attorneys for the Vessel Appeal to the Circuit Court.

In Judge Estee's court yesterday the following attorneys were admitted to practice: Lorrin Andrews and Frank E. Thompson.

The following candidates were naturalized: Peter High and Adam Petrie, Canada; W. Petersen, Norway; Albert Tullet, England.

The attorneys for the bark Empire in the libel suit against the vessel by her crew for wages, have taken an appeal to the United States circuit court. The crew were awarded wages aggregating \$150.

HILO'S HOSTILITIES PLEASED DR. MAXWELL.

He Declines to Speak of the Sugar Prospect Thereafter, His Mission Being Private.

"I can say but little in regard to my late trip to Hawaii," said Dr. Walter Maxwell, director of the Hawaiian Sugar Planters' Association's Experimental station, when questioned by a Republican reporter, yesterday, "as my mission was of an entirely private nature—that is, not intended for publication."

Dr. Maxwell was very averse to being interviewed and in reference to sugar matters he would not speak at all. In reference to Hilo he said, in response to a question: "I was very pleasantly impressed with Hilo. The town is improving rapidly as well as solidly. One of the most promising features of the growth of the city is the gradual settling up of the lands adjacent to and surrounding Hilo. The situation is particularly adaptable to small towns, and I see nothing that will hinder Hilo and vicinity from becoming and remaining a solid city."

Being not above the pleasures of personal comfort I cannot say too much in the way of and surrounding Hilo. The situation is particularly adaptable to small towns, and I see nothing that will hinder Hilo and vicinity from becoming and remaining a solid city."

Beach and Iwilei Roads.

The work of filling in the Beach Road is progressing very rapidly, and will be accomplished by the end of the week. Work on the Iwilei road will begin next Saturday. The King street culvert will be ready for use in a few days.

HILO WILL RECEIVE HIM.

Superintendent of Public Works McCandless Enroute to Hawaii.

Superintendent McCandless left on the Kinan yesterday for the big island. He will look over the roads and bridges on Hawaii, remaining about 15 days. The Hilo papers prophesy that when the superintendent sees the Waikuku bridge he will have a tight rope swung in its place. The present bridge is altogether too narrow.

J. L. Osmer and Mellen Ellen Osmer were married on June 19, 1888. Ten years later, after two children were born to them, Mellen left Osmer, as set forth in his petition for divorce. The decree was granted to him by Judge Humphreys yesterday on condition that he furnish a bond of two sureties to pay Mellen Ellen \$25 a month for the support of the children.

An agreement was filed yesterday by Paul Neumann, W. H. Fain and G. Kunst regarding the island of Lanai. The two former gentlemen assume all liability for the payment of \$70,000, the amount of the decree of mortgage.

W. F. Allen, guardian of the Oppert minors, has submitted his account and it has been approved by Judge Humphreys, the guardian having shown that the \$2,000 the court ordered charged to him has been invested in real estate security.

Judge Humphreys has sustained defendant's plea in abatement in Wahia Sugar Co. vs. Wailua Agricultural Co.

Fred Wundenberg has been appointed administrator of the estate of the late Jos. K. Nawahi under \$300 bond.

An order of satisfaction of decree has been made in the case of W. O. Smith and S. W. Wilcox vs. W. H. Winchester. In consequence the sale under foreclosure by Jas. A. Thompson, commissioner, ordered for next Saturday will not take place.

JUDGE WILCOX HAD ANOTHER BUSY DAY.

He Hands Out Even Justice and Some Sage Advice to Small Offenders.

There were twenty-three cases on the police court calendar yesterday. Most of the charges were for assault and affray.

Fred Smith was fined \$6 and costs for assault and battery on M. Rodriguez. The same charge against Mamama, Enaena and Ninuhua was charged to affray and the men were fined \$10 and costs apiece. They are the men concerned in the biting or cutting off of the ear of Polikapu on Saturday night. Charles Hiram and George No. 4 were charged with affray, but it was proved that the former was protecting a friend with whom he was walking from assault by George No. 4, and so the case against Hiram was nolle prossed and George was fined \$10.

Domingo Ferreira was charged with being a common nuisance, and after he was found guilty and fined \$5 he became very abusive to the court and officers making the arrest. Judge Wilcox warned the man to keep quiet, and on his refusal he was locked up for a couple of hours for contempt of court.

Kalawemann was fined \$5 and costs for assault and battery on Malsea. John Gribble paid the same amount for battering Officer Palenapa. Pualili paid the usual fine for being drunk, and Ah Yung who pled guilty to having opium in possession, was fined \$50 and costs. Two Japanese, Masaki and Tabaki, each paid \$2 for fighting with each other, and Haukuele, who disturbed the quiet of night, paid \$5 for the noise he made.

Kinehita, a backdrifter, charged with headless driving, had his case continued until this morning, and Shimohara, charged with being a common nuisance, was reprimanded and discharged. Henry Ise was charged with affray, and on pleading guilty was fined \$10.

A Fair Battalion Drill.

A battalion drill was held at the Drill Shed last evening. Companies B and F participated. Major Zeigler being in command. The drill was the best that the boys have held for a long time, but at times it was a little ragged. On Thursday night of next week the whole regiment will assemble for drill.

This paper circulates generally throughout the Hawaiian Islands and reaches all the large cities on the mainland.
